

A DELIGHT
FOR EVERY
OCCASION

Our Journey

In 1972, our journey began with the establishment of Kailash Foods, where we embarked on the path of crafting delectable treats with passion and dedication.

In 2005, Glacier emerged as a premium brand, combining the art of handcrafting confectionery with cutting-edge automation technology, leading to our rise in the confectionery industry.

In 2010, a significant milestone was achieved as we established our factory in Ambarnath, Mumbai, solidifying our presence as H.P. Nutritions Pvt. Ltd., where innovation and tradition harmonize to create the finest confectionery delights and guided by visionary directors Prakash S Ganwani, Vijay P Ganwani & Suraj P Ganwani.

Milestone

Our story began with a humble 30-square-meter factory, where we meticulously handcrafted confectionery with love and dedication. Over the years, we have evolved, embracing innovation and technology, while staying true to our heritage of exceptional craftsmanship.

Vision

Glacier's vision is to set new standards in quality-controlled confectioneries, captivating confectionery enthusiasts globally with the commitment to excellence, purity, and sophistication.
